Department: QC Final Inspection & Mfg Inspection

Job title: Senior Mechanical Inspector

Responsibilities:

- Plan and set up initial layouts to perform first piece inspection on machined parts, castings with the ability to make critical measurements of pitch diameter, hole location and other critical dimensions with exacting tolerances.
- Must improvise and make own set ups where no procedures have been established.
- Must have knowledge of geometric dimensioning and be familiar with tolerance charts to perform many inspection processes.
- Perform all activities of Mechanical Inspectors A & B in addition to the above.
- May perform first piece inspection at vendor's location.

Qualifications:

- High School Diploma or equivalent with a working knowledge of advanced shop math and basic mechanics.
